

1 Identification

- **Product identifier**
- **Trade name: TOTAL COAT RUST PREVENTION COATING**
- **Article number:** TC-RPC
- **Relevant identified uses of the substance or mixture and uses advised against**
No further relevant information available.
- **Application of the substance / the mixture:** Coating for corrosion, abrasion and sound protection
- **Details of the supplier of the safety data sheet**
- **Manufacturer/Supplier:**
Chemicar USA
670 New York Street
Memphis, TN 38104
Tel: 1 (800) 261-7976
Fax: 1 (901) 274-8816
Email: Gino.Bauwens@chemicar.com
- **Information department:** Claus.Grafe@Chemicar.com
- **Emergency telephone number:** Tel: 1 (800) 424-9300

2 Hazard(s) identification

Classification of the substance or mixture

None

Classification according to Directive 67/548/EEC or Directive 1999/45/EC

None

Information concerning particular hazards for human and environment: Not Applicable

Classification system:

The classification was made according to the latest editions of international substances lists, and expanded upon from company and literature data.

Label elements

GHS label elements:

The product is classified and labeled according to the Globally Harmonized System (GHS).

Hazard pictograms None

Signal word None

Hazard statements None

Precautionary statements None

Hazard description:

Other hazards

Results of PBT and vPvB assessment

PBT: Not applicable.

vPvB: Not applicable.

Trade name: Total Coat Rust Prevention Coating

(Contd. of page 1)

3 Composition/ Information on ingredients

Chemical characterization: Mixtures

Description: Mixture of the substances.

Dangerous components: None

4 First-aid measures

· **Description of first aid measures**

· **After inhalation:** If inhaled, remove from area to fresh air. Get medical attention if respiratory irritation develops.

· **After skin contact:** Wash thoroughly affected areas with plenty of soap and water. Get medical attention if irritation occurs

· **After eye contact:**

Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

· **After swallowing:** If symptoms persist consult doctor.

· **Most important symptoms and effects, both acute and delayed** No further relevant information available.

· **Indication of any immediate medical attention and special treatment needed**
No further relevant information available.

5 Fire-fighting measures

· **Extinguishing media**

Suitable extinguishing agents: CO₂, sand, extinguishing powder, water and water jet.

For safety reasons unsuitable extinguishing agents: Not Applicable

Special hazards arising from the substance or mixture No further relevant information available.

Advice for firefighters

Protective equipment: Mount respiratory protective device.

Additional information Cool endangered receptacles with water spray.

6 Accidental release measures

· **Personal precautions, protective equipment and emergency procedures**

Wear protective equipment. Keep unprotected persons away.

· **Environmental precautions:**

Avoid release into the environment

· **Methods and material for containment and cleaning up:**

Absorb with vermiculite or other inert material, then place in container for chemical waste. Large spillages: Flush spill area with water spray. Prevent runoff from entering drains, sewers, or streams. Contain for later disposal.

· **Reference to other sections**

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

Trade name: Total Coat Rust Prevention Coating

(Contd. of page 2)

7 Handling and storage

- **Precautions for safe handling**
Ensure good ventilation/exhaustion at the workplace.
Use only in well ventilated areas.
- **Information about protection against explosions and fires:** None
- **Conditions for safe storage, including any incompatibilities**
- **Storage:**
Requirements to be met by storerooms and receptacles: Store in a cool location.
- **Information about storage in one common storage facility:** Not required.
- **Further information about storage conditions:**
Keep receptacle tightly sealed.
Store in cool, dry conditions in well sealed receptacles.
Do Not Freeze
- **Specific end use(s)** No further relevant information available.

USA

8 Exposure controls/personal protection

- **Additional information about design of technical systems:** No further data; see item 7.
- **Control parameters**

· **Components with limit values that require monitoring at the workplace:**

None

PEL	Not Applicable
REL	Not Applicable
TLV	Not Applicable

Additional information: The lists that were valid during the creation were used as basis.

Exposure controls

Personal protective equipment:

General protective and hygienic measures:

Wash hands before breaks and at the end of work. Do not inhale fumes.

Observe good industrial hygiene practices.

Breathing equipment:

The use of an N rated dust/particle mask respirator is recommended.

Protection of hands:

Protective gloves

Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

Nitrile, latex or poly disposable gloves.

Penetration time of glove material

> 480 min.

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection:

Tightly sealed goggles

Body protection: Use protective suit.

Trade name: Total Coat Rust Prevention Coating

(Contd. of page 3)

9 Physical and chemical properties

· **Information on basic physical and chemical properties**

· **General Information**

· **Appearance:**

Form:	Fluid
Color:	Black
Odor:	Slight Characteristic
Odour threshold:	Not determined.

· **pH-value:** 7.2 to 8.5

· **Change in condition**

Melting point/Melting range:	Undetermined.
Boiling point/Boiling range:	100°C/212°F
Freezing point/ Freezing range:	0°C/32°F

· **Flash point:** Not Applicable

· **Flammability (solid, gaseous):** Not applicable.

· **Ignition temperature:** Not Applicable

· **Decomposition temperature:** Not determined.

· **Auto igniting:** Product is not selfigniting.

Danger of explosion: Product is not explosive.

· **Explosion limits:**

Lower:	Not Applicable
Upper:	Not Applicable

· **Vapor pressure at 20 °C:** Not Applicable

· **Vapour pressure at 50 °C:** Not Applicable

· Density at 20 °C:	1.4 g/cm ³
· Relative density	Not determined.
· Vapour density	Not determined.
· Evaporation rate	Not determined.

· **Solubility in / Miscibility with Water:** 100%

· **Partition coefficient (n-octanol/water):** Not determined.

· **Viscosity:**

Dynamic: Kinematic at 20 °C:	25.000 to 60.000 cPs at 25 C° Not Determined
------------------------------	---

· **Solvent content:**

Organic solvents:	None
VOC content:	None

Solids content: 65 % +/- 5 %

· **Other information** No further relevant information available.

· **VOC (EU):** None

· **VOC (EU):** None

· **VOC (US):** None

Printing date 02/05/2024

10 Stability and reactivity

Reactivity

Chemical stability

Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

Possibility of hazardous reactions No dangerous reactions known.

Conditions to avoid: Do not freeze. Keep away from open flames.

Incompatible materials: No further relevant information available.

Hazardous decomposition products: Burning may produce oxides of carbon and nitrogen, hydrogen, cyanide as well as other toxic gases and vapors.

11 Toxicological information

Information on toxicological effects

Acute toxicity:

LD/LC50 values that are relevant for classification:

Carbon Black in water dispersion

Oral	LD50	> 2000 mg/kg (RAT)
Dermal	LD50	Not Determined
Inhalative	LC50/4 h	Not Determined

Primary irritant effect:

on the skin: No irritant effect.

on the eye: No irritating effect.

Sensitization: No sensitizing effects known.

Additional toxicological information:

No further relevant information available.

Carcinogenic categories

IARC (International Agency for Research on Cancer)

None of the ingredients is listed.

NTP (National Toxicology Program)

None of the ingredients is listed.

OSHA-Ca (Occupational Safety & Health Administration)

None of the ingredients is listed.

12 Ecological information

Toxicity

Aquatic toxicity: No further relevant information available.

Persistence and degradability: No further relevant information available.

Bioaccumulative potential No further relevant information available.

Mobility in soil No further relevant information available.

Ecotoxicological effects: No further relevant information available.

Remark:

Additional ecological information:

General notes: Do not release untreated into natural waters. At the present state of knowledge, no negative ecological effects are expected.

Biodegradation Product: >70% (Zahn Wellens Method).

Results of PBT and vPvB assessment

PBT: Not applicable.

vPvB: Not applicable.

Other adverse effects No further relevant information available.

Trade name: Total Coat Rust Prevention Coating

(Contd. of page 5)

13 Disposal considerations

- **Waste treatment methods**
- **Recommendation:**
Must not be disposed of together with household garbage. Do not allow product to reach sewage system.
- **Uncleaned packagings:**
- **Recommendation:** Disposal must be made according to local/state/federal/international official regulations. Let uncleaned containers air dry and recycle as a plastic.

15 Regulatory information

- **Safety, health and environmental regulations/legislation specific for the substance or mixture**
- **Sara**

- **Section 355 (extremely hazardous substances):**

None of the ingredient is listed.

- **Section 313 (Specific toxic chemical listings):**

None of the ingredient is listed

TSCA (Toxic Substances Control Act): All ingredients are listed.

- **Proposition 65**

- **Chemicals known to cause cancer:**

None of the ingredients is listed.

- **Chemicals known to cause reproductive toxicity for females:**

None of the ingredients is listed.

- **Chemicals known to cause reproductive toxicity for males:**

None of the ingredients is listed.

- **Chemicals known to cause developmental toxicity:**

None

- **Carcinogenicity categories**

- **EPA (Environmental Protection Agency)**

None of the ingredients is listed.

- **TLV (Threshold Limit Value established by ACGIH)**

None of the ingredients is listed.

- **NIOSH-Ca (National Institute for Occupational Safety and Health)**

None of the ingredients is listed.

- **GHS label elements**

The product is classified and labeled according to the Globally Harmonized System (GHS).

- **Hazard pictograms** None

- **Signal word** None

- **Hazard statements** None

- **Precautionary statements** None

National regulations:

- **Water hazard class:** A Water Hazard Assessment has not been carried out.

- **Chemical safety assessment:** A Chemical Safety Assessment has not been carried out.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
